1. The Stipendium Hungaricum Scholarship Programme

1.1. Mission of the Programme

The Stipendium Hungaricum Scholarship Programme was launched in 2013 by the Hungarian Government with the aim of providing opportunities for international students to pursue their higher education studies in Hungary. The programme's core mission is to increase the number of international students in Hungary and encourage Hungarian higher education institutions to attract top international students.

The scholarship programme is managed by the Ministry of Foreign Affairs and Trade, and co-ordinated by Tempus Public Foundation. The programme is based on bilateral educational cooperation agreements signed between the Ministries responsible for education in the sending countries/territories and Hungary. Currently more than 80 Sending Partners are engaged in the programme on 5 different continents, and the programme's geographical scope is widening each year.

The scholarship program offers both full-degree and partial study opportunities in the three cycle degree structure (bachelor's, master's and doctoral programmes), mostly in the English language, however, other foreign language study programmes are also available in the framework of the Stipendium Hungaricum Scholarship Programme. Students can also apply for a one-year Hungarian language preparatory training course, following which they can pursue their higher education studies in Hungarian language.

Stipendium Hungaricum scholarship holders are encouraged to focus on their academic advancement during their stay in Hungary, as all their tuition fees are covered, and their accommodation and living costs are supported as well. Upon finishing their studies, a European degree in hand provides graduates with a wide range of opportunities in the global job market.

During the past decade, the Stipendium Hungaricum scholarship programme has become a brand in its own right, demonstrating Hungary's commitment to supporting international education and cultural exchange. The programme's success is a testament to the quality and competitiveness of Hungarian higher education and the country's commitment to science diplomacy.

Hungary has significantly increased its international development commitments Through the programme, making it a valuable tool for promoting development and growth in partner countries. The programme has also enabled Hungary to provide support and opportunities for students affected by the war in Ukraine through the Students at Risk sub-programme, showing its flexibility and adaptability in a time of need.

The programme plays a crucial role in strengthening bilateral relations not only between Hungary and partner countries but also between higher education institutions. Additionally, the programme allows students to showcase Hungary's cultural heritage and promote cultural exchange between nations.

Since 2013, the number of Stipendium Hungaricum scholarship holders has grown significantly, at the same time increasing the ratio of self-paying international students in Hungarian universities. Between 2013 and 2019, the ratio of international students studying in Hungarian higher education institutions has doubled, and the ratio of Stipendium Hungaricum scholarship holders among them has quadrupled. As a result, the number of study programmes taught in foreign language(s) has tripled in Hungarian universities since 2015.

The number of Stipendium Hungaricum applicants and awardees is continuously increasing, as well as the number of available scholarship places. In 2023, more than 57,000 applications were received and nearly 4500 scholarships were awarded, showing that since its launch, the Stipendium Hungaricum scholarship has become a programme of excellence.

1.2. Available Scholarship Types

1.2.1. Study Levels

Stipendium Hungaricum scholarships are available for bachelor's, master's, one-tier master's, doctoral, non-degree programmes (preparatory courses) and postgraduate specialist training courses. **Please note that this Call for Application is for doctoral programmes only.** Please find here the Call for Applications for bachelor's, master's, one-tier master's, non-degree programmes and postgraduate specialist training courses here.

Important note: applications are only accepted for bachelor's, master's, one-tier master's, non-degree programmes and postgraduate specialist training courses OR for doctoral programmes; therefore please consider carefully your selected programme(s).

Available Scholarship Types		Duration		Qualifications at the end of the programme		Available study modes
		full time	partial (exchange)	full time	partial (exchange)	
Degree programmes	Doctoral programmes	2+2 years	1 or 2 semesters	doctoral degree	certificate of completion	full degree and partial (exchange)

Note about doctoral programmes:

In Hungary, the duration of doctoral programmes is 8 semesters. Doctoral programmes are divided into two different phases: the first phase (4 semesters) is for professional training and research, while the second phase (4 semesters) is for research and dissertation. At the end of the first 4 semesters, doctoral students are obliged to take a complex exam, where the educational and research progress of the student is evaluated. Doctoral students can only continue with the second phase of their studies upon the successful completion of the complex exam. The amount of the monthly stipend is different in the two phases of doctoral programmes. Please see section 1.3 about financial details and section 3.1. about the details of application for doctoral programmes.

1.2.2. Study Modes

Both full degree and partial (exchange) study modes are available, in accordance with the relevant bilateral educational cooperation agreement. Full-degree programmes lead to a doctoral degree.

Partial (exchange) studies are one or two semester long exchange studies. If the partial (exchange) studies are part of the student's degree studies in their sending higher education institutions, those who apply for partial (exchange) studies must be registered in and have a student status at a higher

education institution operating outside of Hungary. In this case, applicants can only apply to those study levels they are attending in their sending, home institutions (i.e.: doctoral level).

In case partial studies are not part of the student's degree studies in their sending higher education institutions, a student status at a higher education institution that operates outside of Hungary is not needed.

Partial (exchange) studies are available for up to one academic year, must be completed by 30 June and cannot be extended.

Please be extra cautious when selecting your preferred study programmes in the online application system as most of the study programmes are offered as both full-degree and partial study programmes; therefore, those programmes appear twice. Please make sure that you select the programme marked with the study mode of your desire, because it is impossible to change the study mode after the application deadline.

1.3. Provisions Covered by the Scholarship

- **Tuition-free education**
 - exemption from the payment of tuition fee
- **Monthly stipend**
 - **doctoral level:** according to the current Hungarian legislation, the monthly amount of scholarship is HUF 140,000 (cca EUR¹ 365 for the first phase of education (4 semesters) and HUF 180,000 (cca EUR 470) for the second phase (4 semesters) - for 12 months a year, until completion of studies. Please see details in section 1.2.1.
- **Accommodation contribution**
 - free dormitory place (depending on institutional capacity) or a contribution of HUF 40,000/month to accommodation costs for the whole duration of the scholarship period (Please note that if the student does not live in the dormitory, then the HUF 40,000/month is a contribution to that rental costs, and in bigger cities – especially in the capital city – this contribution would not cover the full amount of rental costs.)
- **Medical insurance**
 - health care services according to the relevant Hungarian legislation (Act LXXX of 1997, national health insurance card) and supplementary medical insurance for up to HUF 65,000 (cca EUR 170) a year/person

It means that it **does not fully cover the living costs** and the students need to add their own financial resources in order to cover all living expenses in Hungary. All applicants are highly advised to check the expected living expenses both in Hungary and in the city that they wish to live in before applying; please do check our Cost of Living Calculator by clicking here: <http://www.studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

- Applicants with citizenship different from the sending country/territory. For example, only Brazilian citizens can apply through the Brazilian Sending Partner,
- Applicants applying for bachelor's, master's, one-tier master's and non-degree programmes within the SH programme in the same application round,
- Those former Stipendium Hungaricum Scholarship Holders who were **awarded scholarships for full degree studies** and who
 - are now re-applying for full degree or partial (exchange) studies **in the same cycle of education** (doctoral level) – **(therefore, those Stipendium Hungaricum Scholarship Holders can apply for the programme who wish to continue their studies at a different cycle of education, e.g. master's student Scholarship Holders can apply for doctoral studies!)**

 - or who have postponed the start date of their scholarship studies and did not withdraw their scholarship before the current application deadline.
- Those former Stipendium Hungaricum Scholarship Holders who were **awarded scholarships for partial (exchange) studies** and who

- Those former Stipendium Hungaricum Scholarship Holders who were awarded the scholarship in the 2021/22, 2022/23 or 2023/24 application round, but after accepting their scholarship, did not travel to Hungary and did not start their studies, nor did they notify Tempus Public Foundation of this fact until 31 August. This clause also applies to those former Stipendium Hungaricum Scholarship Holders who have postponed their scholarship awarded in the 2022/23 application round but did not travel to Hungary and did not start their studies next year, nor did they notify Tempus Public Foundation of this fact until 31 August.

Please note that it is only possible to re-apply for full degree scholarship studies in the same education cycle if the former Stipendium Hungaricum Scholarship Holder was previously awarded scholarship for

partial (exchange) studies. Even in this case, the length of the full degree scholarship shall be reduced by the length of the previous partial (exchange) studies.

Important note for self-financed students already studying in Hungary:

Those applicants who are **registered self-financed / fee-paying students** of a Hungarian higher education institution at the time of the application deadline **AND** who are now applying for the same study level are only eligible to apply for the Stipendium Hungaricum programme if they are recommended by their Hungarian host universities where they are studying at the time of application.

Based on the above, self-financed PhD students enrolled in Hungary can apply to continue their studies with the scholarship only if they are recommended by their university. Please see further details about the optional application documents in Section 3.2.3. of the Call for Application.

Applicants for the Students at Risk Subprogramme are requested to read carefully point 4. which contains the special conditions applicable to them.

2.3. Supervisor

Some doctoral schools request students applying for their doctoral programmes to have a supervisor at the Host Institution, who, in the case of the successful application process, will undertake the supervising of the student's doctoral education and research activities within the frameworks of the doctoral programme chosen by the applicant. In case it is required by the doctoral programme you are applying for, a statement of acceptance issued by the supervisor must be attached to the application. **Please make sure whether the doctoral programme you are applying for requires a statement of acceptance. Naturally, if you choose two courses that require a statement of acceptance, two different statements signed by two different professors must be attached to the application.**

2.4. Available Host Institutions and Study Programmes

At doctoral level, 21 Hungarian higher education institutions are engaged in the Stipendium Hungaricum Programme for the 2023/2024 academic year, with more than 200 study programmes, taught mainly in English; further programmes taught in Hungarian are also available for applicants with suitable proficiency.

The available study programmes and Host Institutions are available in the online application system (<https://apply.stipendiumhungaricum.hu/>). Please note that you can only apply for these study programmes within the frameworks of the Stipendium Hungaricum Scholarship Programme.

Applicants are eligible to apply only for those scholarship types and study fields that are determined in the educational cooperation programmes in effect between Hungary and the specific Sending Partner. **Please see the full list** of available study fields regarding your sending country here: <https://stipendiumhungaricum.hu/partners/>.

Applicants who are citizens of a country that has entered into a cooperation agreement with Hungary both independently and as part of a larger alliance may choose any framework but may only apply for the courses included in the given framework.

2.5. Order of Selected Study Programmes

In addition to the first choice of study programme, there is an opportunity to apply for an additional, second study programme. Therefore, each applicant can apply for **up to TWO different study programmes, in order of preference**. These two study programmes can be both at the same Host Institution and different Host Institutions; it is the applicants' decision.

The order of preference is essential. During the application process, the first selection and examination procedure will be conducted for the study programmes selected as the applicants' primary choices. These first primary choices will be considered first and then, **only the remaining free places will be filled with those applicants who are not approved for their primary choice of programmes**. In this way, the chances of receiving the scholarship are relatively higher for the study programmes selected as primary choices because there are more free places at that time.

Please note that the applicant cannot change the selected programmes (including the study language and the study mode!) and the order of preference after the application deadline! We strongly advise all applicants to carefully check the [minimum entry requirements](#) of the study programmes and take time to decide on the order of the two programme preferences. We also highly encourage the applicants to increase their chances of receiving the scholarship by applying for not only one but two study programmes in total.

2.6. Language of Study Programmes

Applicants are eligible to apply only if they meet the minimum language criteria set by their chosen Host Institution. Please visit the online application system (<https://apply.stipendiumhungaricum.hu/>) to see the exact language criteria for each study programme.

Study modes	Study programmes taught in English and other foreign languages		Study programmes taught in the Hungarian language			
			applicants with at least an intermediate (B2) level of Hungarian language knowledge		applicants with basic or no Hungarian language knowledge	
	minimum level of knowledge	language preparatory year	minimum level of knowledge	language preparatory year	minimum level of knowledge	language preparatory year
Full degree studies	level of English proficiency determined by the Host Institution	none	level of Hungarian proficiency determined by the Host Institution	none if the language certificate is uploaded	level of English proficiency determined by the Host Institution, usually basic level	yes, obligatory one-year Hungarian language preparatory course
Partial (exchange) studies					not available	not available

Note about language choice in the online application system:

By default, the online application system lists the study programmes as foreign language programmes. However, if you wish to start your studies at a full degree programme in Hungarian language, you need to answer the "Would you like to perform your studies in Hungarian at the selected full degree programme?" question on the application form with "Yes, I would like to perform my studies in Hungarian at the selected full degree programme." If you select this, you can only be considered for the full degree selected programme in the Hungarian language, therefore please be cautious when filling out the online application form. If you apply for a Preparatory course in Hungarian

language, please select the following answer: “No, I would not like to study in Hungarian at my full degree programme.”

2.6.1. Studies in English or Other Foreign Languages

Students shall have a level of proficiency in the language of education as required by the Host Institution. The applicants must directly apply for the study programmes in the online application system.

2.6.2. Studies in the Hungarian Language

Those applicants who wish to study in the Hungarian language must have sufficient language level. A copy of the proof of Hungarian as a foreign language knowledge must be uploaded as part of the application in the online system. The level of Hungarian language skills will be tested during institutional entrance examinations. Please note that if you apply only to Hungarian study programmes directly, but fail the language test, you cannot be admitted anywhere.

Those applicants whose language skills are insufficient to complete their studies in Hungarian shall complete an obligatory one-year preparatory language course before starting their degree courses. For this, the applicants are usually required to have at least a basic level of English proficiency. In the online application system, applicants must apply directly for the preparatory course (NOT for the degree programme they wish to start after the language preparatory year). To see all Hungarian language preparatory courses and entry requirements, please check the online application system (<https://apply.stipendiumhungaricum.hu/>)

After registration, the applicants can access the application system and upload the required documents. **Applications should be submitted**; only saved applications will not be considered. Please note that no applications will be accepted without the online submission and after the deadline. No hard copies are required. A guide for the online system will be available to download from the www.stipendiumhungaricum.hu website.

**The deadline for submitting the complete application:
15 January 2024 2 p.m. (Central European Time)**

The online application system can be reached here: apply.stipendiumhungaricum.hu

All applicants are highly advised to carefully read our Application “Dos and Don'ts” document (please [click here](#) to access) as well as the Privacy Policy (see [Statement for Application](#) (sample) Annex 3) that they need to consent to in order to submit the application.

Registering with an e-mail address that works properly and that the applicant reads frequently is strongly recommended. In case there is a change in the address – including during the study period in Hungary – the host institution and Tempus Public Foundation should be immediately informed and be provided with the new e-mail address by the applicant/scholarship holder. It is always the responsibility of the applicant and the student to manage his/her e-mail account and to read the letters regularly. Tempus Public Foundation is not responsible for the malfunctioning of the registered e-mail account. Please avoid using for example a Hotmail or a Yahoo account because in that case letters from Tempus Public Foundation usually go to the Spam folder.

The information provided on the application – including the study programmes and their order of preference – cannot be changed after the application deadline. By applying, the applicant declares that all information provided in the online application system of Tempus Public Foundation – including the content of all uploaded documents – is true and correct to the best of their knowledge and belief. The applicant can withdraw his application in the DA system at any stage of the procedure. However, this decision is final; there is no possibility to cancel the withdrawal.

3.4.2. Application to the Sending Partners

All applications shall also be submitted to the responsible authority of the Sending Partner. Each Sending Partner might have different deadlines and requirements for submitting the application material. **Applicants are strongly advised to contact the responsible authority at their Sending Partner as soon as possible and inquire about the exact procedures.** For contact details of the responsible authority of the Sending Partner, please visit our website or [click here](#).

The responsible authority of the Sending Partner will review and pre-select the applications. A nomination list, including a reserve list will be forwarded to Tempus Public Foundation by the Sending Partner until the end of February 2024. **Applications will be considered only if the applicant is nominated. No other applications will be considered.** Exceptions are made for applicants who previously achieved first, second or third place at the National Scientific Student Conference, and who receive automatic nomination with the unique consent of the minister responsible for foreign policy.

3.4.3. Flow Chart of Application Process

Please note that the dates are indicative.

3.5. Selection Procedure

3.5.1. First Round of Selection: technical check and the nomination of Sending Partner (January-February 2024)

Applications that are only saved in the online system, but not submitted, will be automatically rejected. The applications successfully submitted to Tempus Public Foundation's online application system are checked first. It is called a technical check, done by the Tempus Public Foundation. During this step, we check the basic eligibility criteria; for example the age, citizenship and the previous scholarships, and check if the applicant has applied for a scholarship type and/or study programme that is available within the framework of the programme and that is available for the applicants of the particular sending country/territory. Also, we will formally check if the required documents are uploaded in the application system and if the Statement for Application is accepted. However, the Host Institution checks whether the uploaded files and their quality can be accepted and whether these documents meet their entry requirements.

Applicants will be automatically rejected during the technical check if they

- do not successfully submit their application in the online system until the 15 January 2024
- are Hungarian citizens, hold Hungarian dual citizenship or are persons granted a refugee status, enjoying temporary protection, admitted for subsidiary protection or granted humanitarian protection,
- have a citizenship that is different from the sending country/territory they apply through,
- have submitted multiple applications with more than two study programmes
- have submitted applications from more than one account registered to our system
- have submitted multiple applications with more than one sending partner
- do not accept the Statement for Application (please see [Annex 2](#) for template) in the online system,
- are former Stipendium Hungaricum Scholarship Holders or self-financed students at a Hungarian higher education institution in cases described in Section 2.2. about non-eligibility,
- were awarded the Stipendium Hungaricum scholarship for the 2021/22, 2022/23 or the 2023/24 academic year, but after accepting their scholarship, did not travel to Hungary and did not start their studies, nor did they notify Tempus Public Foundation of this fact until 31 August,
- have postponed their scholarship awarded in the 2022/23 application round, but did not travel to Hungary and did not start their studies next year, nor did they notify Tempus Public Foundation of this fact until 31 August.
- have provided any false information during the application process.

The eligible and successfully submitted applications are forwarded to the responsible authorities of the Sending Partners for review and pre-selection. The Sending Partners determine the exact methods and guidelines of the Sending Partners' selection.. After the selection decision of the Sending Partner, a nomination list - including a reserve list - will be issued and forwarded to Tempus Public Foundation by the Sending Partner until 28 February 2024. Exceptions are made for applicants of the Republic of Korea whom the partner does not nominate. In their case, with the help of experts, the TPF creates the ranking after evaluating the applications based on the content of the motivation letters.

Applicants can only apply through sending countries/territories of their nationality. Sending Partners can only nominate applicants with the same citizenship. Only nominated applicants will be considered for the second round of selection: the institutional evaluation.

3.5.2. Second Round of Selection: the institutional evaluation (March - May 2024)

The application materials of the nominated applicants (including the reserve list) are forwarded to the Host Institutions for professional evaluation. The institutions will also run a formal check first to see if all the documents submitted by the applicants meet the requirements of the Call for Applications and the minimum entry requirements of the selected study programme(s).

Applicants with valid, formally correct application meeting the minimum entry requirements can proceed to the institutional entrance examinations. Each applicant can participate in up to two institutional entrance examinations – in accordance with their submitted applications.

The exact dates and methods of the entrance examination vary by institution. **Each applicant will be individually informed about further details (e.g. date of examination) directly by their selected Host Institution(s).**

As applicants can apply for up to two study programmes, **the institutional examinations are conducted in two rounds.**

1. Applications for the **first selected study programmes** are considered first by the universities. The examination process for the first selected programmes can be expected between 18 March and 30 April 2024; however, the dates are indicative.
2. Applications for the **second selected study programmes** are considered afterwards. The examination process for the second selected programmes can be expected between 18 March and 20 May 2024; however, the dates are indicative.

Depending on the selected Host Institutions' schedule of examinations, there may be no entrance examinations for the second study programme selected by the applicant – in case the applicant is already approved for the scholarship for the first selected study programme.

The scholarship status of a student admitted to a higher year of the given course is only valid for the remaining duration of the program.

The applicants are evaluated on a 100-point scale. The final examination results and the examination points given by the Host Institutions are then forwarded to Tempus Public Foundation.

Important note: the minimum score that is required to be achieved is 56 points (on a 100-point scale). No applicants shall receive a scholarship offer with an examination result below 56 points.

3.5.3. Allocation of Admitted Applicants (May-June 2024)

Tempus Public Foundation is responsible for the allocation of the applicants. For all countries participating in the programme, the allocation of the applicants and the selection of Scholarship Holders depend on the allocation principles described in the programme's Operational Regulations (see Annex 1).. In general, the principles the decision is made by are the following:

1. the content of the relevant bilateral agreements in effect between Hungary and the Sending Partner,
2. the capacity (minimum and maximum number of available places) of the university's specific study programme (you can check it in the online application system: <https://apply.stipendiumhungaricum.hu/>,
3. the preference order of the selected study programmes on the application form (please read Section 2.4 carefully),

4. the examination results (100 points maximum) given by the Host Institutions and the points based on the ranking order of the Sending Partners' nomination lists.

Apart from these, to support student diversity, the number of eligible applicants from the same country may be limited in the case of certain study programmes due to the limited number of places offered in the Stipendium Hungaricum programme (e.g. medical programmes). Applicants for the STEM+ fields of study are given priority during the allocation.

Applicants can receive one of the following statuses:

- approved Scholarship Holder, or
- conditionally approved Scholarship Holder (in case any missing documents need to be uploaded) or
- approved on the waiting list (can only be approved if scholarship holders withdraw), or
- rejected.

The application of a person identified by the competent national security services as a potential risk can be rejected by the Board of Trustees of the Tempus Public Foundation.

The applicants will be informed about the application results around the end of June 2024 (please see the timeline in Section 3.4.3). Please note that applicants can expect only one information email from Tempus Public Foundation about the results. Depending on the allocation results, applicants can expect this letter anytime throughout June and July; therefore we ask for your patience. Please note that we cannot reply to individual requests asking for the results and all applicants will be informed via the online system.

3.6. Acceptance of the Scholarship

Those who do not accept their scholarship until the deadlines below are automatically considered withdrawn from the scholarship.

Applicants who are awarded the scholarship shall not receive a Scholarship Holder status if they:

- withdraw from the scholarship in a written form (sent to both Tempus Public Foundation and the Host Institution) or via the application system, or
- fail to upload their missing application documents by 1 August 2024, or
- fail to accept their scholarship until the given deadline, or
- withdraw their data protection (GDPR) consents, or
- provided false information during the application process.

3.6.1. Acceptance of Scholarship for Approved Scholarship Holders

To gain a Scholarship Holder status, approved applicants must accept their scholarship and consent to the Operational Regulations of the programme (see [Annex 1](#) for the Operational Regulations) in the online application system within the time frame written in the notification e-mail (usually this is within two weeks after receiving the notification e-mail about the application decision, but it can be a shorter period) **but no later than 1 August 2024.**

3.6.2. Acceptance of Scholarship for Conditionally Approved Scholarship Holders

If the applicant is conditionally approved because they have any missing documents that could be uploaded after the application deadline, all of the missing documents need to be uploaded via the online system immediately after receiving all documents (and after receiving the notification about the conditional status), and no later than 1 August 2024. Please see details in Section 3.3. about missing documents.

Conditionally approved Scholarship Holders must accept their scholarship and consent to the Operational Regulations of the programme (see [Annex 1](#) for the Operational Regulations) in the online application system **within the time frame written in the notification e-mail** (usually this is within two weeks after receiving the notification e-mail about the application decision, but it can be a shorter period) **but no later than 1 August 2024**.

4. The Students at Risk Subprogramme

This paragraph applies only to applicants from Ukraine.

4.1. Mission of the Subprogramme

The Students at Risk Subprogramme is an addition to the Stipendium Hungaricum Scholarship Programme, supervised by the Ministry of Foreign Affairs and Trade and managed by the Tempus Public Foundation. Its goal is to assist students and doctoral candidates whose studies or research have been interrupted by war, catastrophe, prosecution etc.

4.2. The differences between the application process of the subprogramme and the main programme

Due to the special situation of the applicants, the application procedure differs in some points from the application of the main programme. These are the following:

1. Eligibility: The scholarship is available for those who meet all of the following criteria:
 - who are citizens of Ukraine (including dual citizenship, and all statuses listed in point 2.2, except for those with Hungarian citizenship. Ukrainian-Hungarian dual citizens cannot apply!)Non-eligibility: The rule under which scholarship holders who do not cancel their accepted application and do not arrive in Hungary are excluded from applying for three years, cannot be applied to applicants for this subprogramme.
2. Supervisor: applicants for the subprogramme do not need to have a supervisor when submitting application.
3. Application documents: All applicants need to accept and sign the "Statement for Application". The statement should be made on the form provided: download [Annex 4](#), which contains the form that should be used.
The statement of the supervisor does not need to be submitted.
Uploading a medical certificate is not necessary.
4. Selection procedure: The applications that pass the technical check are forwarded to the selected Host Institution (without the nomination of Sending Partner).

5. Studying in Hungary

Any possible changes in the entry and enrolment system due to unforeseen reasons will be posted on our website: <https://stipendiumhungaricum.hu/>. Please consult the website regularly.

5.1. Visa Applications

You are requested to **start your visa application process immediately** after receiving the positive decision about the scholarship. Officially, it may take 30 days until a visa is issued. You need to contact the competent consular office to apply for a visa to Hungary. For more information please visit the website of the Hungarian Ministry of Foreign Affairs and Trade (<https://konzinfo.mfa.gov.hu/en>) and the Directorate-General for Aliens Policing (<http://oif.gov.hu/index.php?lang=en>).

Please note that the citizens of some countries do not need a visa to enter Hungary due to the Visa Waiver Agreements. At the time of writing, these countries include: Albania, Argentina, Brazil, Bosnia and Herzegovina, Chile, Costa Rica, Colombia, Georgia, Israel, Japan, Malaysia, Marshall Islands, Mexico, Moldova, Montenegro, North Macedonia, Panama, Peru, Republic of Korea, Saint Lucia, Serbia, Seychelles, Singapore, Taiwan, Ukraine, United Arab Emirates and Uruguay – as well as the passport of the special administrative territory of Hong Kong and Macao.

Please make sure to visit the Consular Services website for up-to-date information about your country: <https://konzinfo.mfa.gov.hu/en/visa-free-travel-hungary>.

[This](#) decree provides information on the conditions for exempting scholarship recipients from the obligation to pay the administrative service fee.

Please note that the Scholarship Holder status does not automatically guarantee a visa.

5.2. Arrival and Enrolment

We highly recommend that all applicants visit our Study in Hungary website (www.studyinhungary.hu) for detailed information about life and education in Hungary. As mentioned in Section 1.3, please also check the expected living expenses with our [Cost of Living Calculator](#).

Scholarship Holders must inform the Stipendium Hungaricum coordinator of their Host Institution (please see contact details on our website) about their expected arrival date 30 – but not less than 15 – days before arrival.

Successful applicants are expected to make their travel arrangements to Hungary – no financial provisions will be provided for travel expenses by the Hungarian side. Under with current legislations, Scholarship Holders are entitled to be exempt from the paying any fees related to their admission to Hungary. No visa, administrative services or additional contribution is given to family members or accompanying persons.

Please note that the Stipendium Hungaricum Scholarship Programme does not fully cover all upcoming costs of the Scholarship Holder. It means that the students need to add their own financial resources

in order to cover all living expenses in Hungary. All applicants are highly advised to check the expected living expenses both in Hungary and the city that they wish to live in before applying; please do check our Cost of Living Calculator by clicking here: <http://www.studyinhungary.hu/living-in-hungary/menu/your-costs-of-living.html>

Scholarship Holders are expected to obtain their visa, arrive in Hungary and **register at the Host Institution no later than 30 September 2024** (for study programmes starting in the Autumn Semester) – or the date set by the Host Institutions. The applicant who is granted the scholarship must enrol to the Host Institution in the semester in which they were granted admission.

In principle, it is **not possible to postpone the start of the scholarship studies** to another semester or academic year – except for very special, unforeseeable, force majeure cases described in the Operational Regulations, with the special approval of Tempus Public Foundation. Therefore, in principle if the Scholarship Holder does not enrol until 30 September 2024 – or the date set by the Host Institutions, they will be automatically excluded from the scholarship programme.

Please note that Scholarship holders will participate in medical examinations organized by universities upon their arrival (it is free of charge for Scholarship Holders).

5.3. Rights and Obligations

5.3.1. Operational Regulations, GDPR and Student Contract

The Operational Regulations of the Stipendium Hungaricum Programme bind all Scholarship Holders. Please make sure to read it carefully in Annex 1. The following text contains extracts from the Operational Regulations; however, all Scholarship Holders must read the full text of the regulations.

Scholarship Holders must sign a scholarship contract with the Host Institution including study-related details and the rights and obligations of the Scholarship Holders (see sample [on our website](#) or at the end of the Operational Regulations).

The Stipendium Hungaricum scholarship contributes to the living costs of the Scholarship Holder only; therefore – within the programme’s framework – visa-related assistance, additional allowance and administrative services are not provided for any accompanying people or family members. The legal entity of the scholarship contract is exclusively the Scholarship Holder and the Host Institution.

The Scholarship Holders are expected to follow the regulations of the Host Institution and continue their studies in good faith, to the best of their abilities, in order to meet the academic requirements of the study programme and thus finish the programme successfully. By accepting the scholarship, the Scholarship Holders agree to participate in the alumni system of the programme that support the maintenance of relationships with the Scholarship Holders and facilitates the flow of information – such as the alumni website, alumni events and surveys about the satisfaction of students, career monitoring and the evaluation of research activities.

Please note that the Operational Regulations of the Stipendium Hungaricum Programme can be subject to change, and the Scholarship Holders are bound by the prevailing regulations at any given time.

Please note that, under the General Data Protection Regulation (GDPR) in European Union law, all applicants need to give consents regarding data protection and accept the Privacy Policy (see Annex 3) in order to be able to apply. These consents appear in the online application system after registration.

5.3.2. Staying in Hungary

Scholarship Holders are obliged to live and study in Hungary; therefore, they are not allowed to live habitually in any other country during the study period. Otherwise their scholarship holder status will be terminated.

5.3.3. Other Scholarships and Double Financing

Considering that the aim of the Stipendium Hungaricum Scholarship is to support higher education studies in Hungary, if the scholarship holder receives another scholarship that aims to support studies outside Hungary for more than 30 days, the Stipendium Hungaricum Scholarship agreement will be terminated. Considering Professional programs related to studies (conferences, study trips, etc.) with a maximum duration of 30 days can also be supported within the framework of other scholarship programs (e.g. Erasmus +, CEEPUS). The European Solidarity Corps is an exception as it is not compatible with studies for scholarship holders. Scholarship holders in doctoral programmes can stay abroad for academic purposes of a maximum duration of 2x1 semester for the two phases of the doctoral programme.

Applicants are also not eligible to receive the Stipendium Hungaricum scholarship if they have another concurrent scholarship from the Hungarian central budget for studies in Hungary. If the Scholarship Holder was awarded more than one scholarship, they must choose one and withdraw from the other. However, the Host Institutions can provide additional financial support for the students on a social, performance-related, or other basis.

Under the regulations of Government Decree 51/2007. (III. 26.), Scholarship Holders are entitled to be awarded the National Higher Education Scholarship ("nemzeti felsőoktatási ösztöndíj")

5.3.4. Termination of Scholarship Status

The details and cases when the scholarship status is terminated are listed in the Operational Regulations of the programme (see Section IV. of [Annex 1](#)).

Under the Operational Regulations of the programme, the scholarship status is terminated if

- the Host Institution terminates the student status of the Scholarship Holder,,
- the scholarship holder withdraws from the scholarship in a written form (sent to both Tempus Public Foundation and the Host Institution),
- after accepting his/her scholarship, the scholarship holder does not travel to Hungary and does not start his/her studies (if he/she does not notify Tempus Public Foundation of this fact, he/she cannot apply in the next 3 years

- the scholarship holder had obtained their degree at the study programme supported by the scholarship,
- the Scholarship Holder does not comply with the regulations of the programme regarding the obligation of living habitually in Hungary,
- the Scholarship Holder does not fulfil their obligation to participate in medical screenings, and their additional obligations set out in the healthcare protocol, or he is deemed unfit during the obligatory medical examination,
- the scholarship holder obtains Hungarian citizenship (including those with dual citizenships), a stateless person, refugee, protected individual, asylum-seeker, admitted individual, migrant, settled person, or obtains any other status that does not fall within the scope of Section 39 (1) a) of the Higher Education Act
- as a result of institutional disciplinary or criminal proceedings against the scholarship holder, the scholarship holder is expelled, and for this reason the Public Foundation asks the host institution to terminate the scholarship status,
- in other cases described in the Operational Regulations of the programme in effect.
